

MINUTES OF THE VIRGIN RIVER WATER USERS

February 18, 1963 at 6:25 p.m.

Washington County Court House

Meeting was conducted by Don Norseth in the absence of Chairman Wayne Wilson. He explained the purpose of the meeting: 1. To hear the financial report, 2. To hear the Commissioner's report, 3. To set up the budget for 1963.

He also gave a brief summary of the snow measurements which indicate a very low run-off.

Minutes of last year's meeting were read and approved.

The Financial Statement was presented by Richard R. Pexton of the State Engineer's Office. There are four delinquent accounts totaling a little over \$80

Winfred Spendlove moved that the report be accepted. Seconded by Wallace Iverson and passed.

Commissioner Hinton presented his report on the past year's supply and distribution. He stated that at the present time the Kolob Reservoir is practically empty.

Inasmuch as there are very few water users present tonite, it was suggested by Mr. Norseth that perhaps it would be best if the various groups selected their representatives to the Committee at a later date. This was agreeable to those present.

*Over-expending*  
Budget: It was moved by Winfred Spendlove that the budget be set up the same as last year with adjustments to cover the small over-spent items. The miscellaneous account is to cover them. The assessment be levied to raise enough money to cover the budget. Seconded by Wallace Iverson and Passed.

Laurence Einton was recommended as Commissioner for 1963.

Secretary was instructed to get in touch with the various groups to have them name their representatives to the committee and get the committee organized.

Delmar Cornelius objected to being assessed because he does not use the services of the commissioner. Mr. Norseth explained that the services of the commissioner were available to him and that they would have to collect the assessment once it was levied. It would take committee action to get him stricken from the assessment.

Adjourned 8:30 p.m.
